

HW 2 UCD

The purpose of this site is to provide an electronic layout of information for a cafe. The site contains the menu, a feedback receiver, as well as store hours, location, and other information. It will allow users to preview and gauge of what the cafe has to offer before arrival.

James Bird

Age: 27
Status: Single
Location: San Diego, CA

GOALS:

- Serve Jesus
- Find a long term job
- Stay fit

fun fact: I play lots of video games

Bio: Hi! I'm a passionate web developer currently seeking paid internship opportunities to grow my skills and contribute to meaningful projects. I love coding from the comfort of local cafés, where I find inspiration in a good cup of coffee and a strong Wi-Fi signal. Outside of development, I help run my church's website, combining my technical skills with my desire to serve the community. Whether it's front-end design or back-end problem solving, I'm always eager to learn, build, and collaborate.
